and approximately 445 kilometers from Kristiansand.

The Norwegian Turbo Club made arrangements with Hotel Pers and Pers Resort

www.pers.no

www.persresort.no, both in Gol, to accommodate the dozen riders that arrived to talk Turbo.

Friday there was a gathering and pub crawl and on Saturday a joint ride to a nice destination for lunch and a joint dinner in the evening at the hotel.

UKHTA participants faced the daunting tasks of taking two ferries from the UK, one from Harwich to Esbjerg in Denmark

and another from Fredrikshavn to Oslo.

There was some sun at the beginning of the rally, but ride out day was a bit damp. Riders still managed a smile between repeated tire-kicking sessions.

Thanks to Svein for hosting another Turbo Rally.
